

CRAZY CHEMWORKS

LAB WORKS

Try your hand at being a real Mad Scientist in this exciting program all about how a lab works! Learn to manipulate laboratory equipment at your own personal lab bench. Take home a super-cool Scientific Cylinder to continue researching at home.

pH PHACTOR

Slide down a colorful pH scale & dip into the world of acids & bases. Discover whether liquids found in your home are acids or bases. Explore chemistry extremes with your Mad Science Reaction Tube.

SLIME TIME

Ooze into a goopy hour of creating slime using the secret Mad Science recipe! Experiment with polymers, get a chance to enter your creation into the Slime Olympics with your slime take-home.

SUPER STICKY STUFF

Push the power of glue and tape to its adhesive limits in this hour-long "bonding" extravaganza! Create a new ooey, goeey friend in your sticky Professor Beakerdude!

CHEM IN A FLASH

Hop on the chemistry express. Create instantaneous reactions and bring home your own Mad Science Action Flask to continue experimenting at home!

THE GLOW SHOW

Amazing discoveries will come to light in this class about all things that glow bright. Probe the properties of ultraviolet light and take home our Glow Card with a collection of phosphorescent items.

Kids get a cool science take-home every week!

**Note not all topics may be covered depending on length of program.*

Sparking Imaginative Learning

DRY ICE CAPADES

Manipulate matter in its three states. Melt metal with water and turn water into ice with just a breath of carbon dioxide! Take home a temperature testing Thermocolor Cup.

JUNIOR REACTORS

Create a tiny world of atoms, molecules and particles with your very own set of Atomic Coins! Learn to recognize chemical reactions and mix up a few "bubbling potions" for some sensational results!

KITCHEN CHEMISTRY

Food, nutrition and digestion is a science, and this science includes lots of chemistry! Kids will experiment with different kinds of food chemistry and model how digestion works. Then they'll take home their own Digester Inspector.

CHE-MYSTERY

Discover mysterious chemical combinations that produce amazing and surprising results! Form crystals, reduce foam to goo, make marbled masterpieces! Take home our Dynamic Dish for home experiments.

MATTER OF FACT

Everything's made of atoms and molecules, and in this class you'll make molecular models and learn how they interact. Then you'll make/take home your own Mad Science putty.

GROSS CHEM!

Get ready for the chemistry of grossness and ickiness as you discover the science of body-associated smells and other vile substances. Eeew! Make and take home alginate worms!

Give your child the best

BIRTHDAY PARTY EVER!

Call MAD SCIENCE: (413) 584-7243 or (800) 338-5711

Mad Science @Broad Brook Elementary

Sponsored by East Windsor Parks & Recreation

Crazy Chemworks

Mondays – Two 6 week sessions (NO repeated topics)

February 10 – March 23 & April 6 – May 18

No classes held February 17th (1st Session) and April 20th (2nd Session)

3:40-4:40pm

Grades K-4

Cost: \$89 per 6 week session

SPACE IS LIMITED!
