community involvement assets fundraising infrastructure facilities services needs vision flexibility

Please join us in conversation for the East Windsor Parks & Recreation Master Plan

"Let's turn a Space into a Place"

"Parks and recreation master planning is a comprehensive process that provides guidance and policy direction to local government decision makers. The planning process, which engages stakeholders and garners public input, provides a foundation for understanding and responding to the parks and recreation needs of a community. The process involves strategically examining a community's vision; existing community services, facilities, and resources; and assessing future needs concerning parks, recreation, open space, and greenways."- Delaware Complete Communities Toolbox

This meeting will focus on seeking the input of the Residents of East Windsor regarding their vision for the future of Parks and Recreation's services, programs, facilities, recreation, and more.

**When: Wednesday, November 10, 2021
6:30-8 PM**

Where: Town Hall, 11 Rye Street, Broad Brook
